

Oral-B Vitality Precision Clean

For a deeper, more thorough clean.*

The Oral-B Vitality Precision Clean rechargeable electric toothbrush reduces up to 2X more plaque,* which can cause gingivitis. It uses Advanced Cleaning Technology to surround each tooth and removes plaque for a clean feeling and healthy gums. Superior stains removal versus a regular manual brush means teeth are naturally whitened.

- Surrounds each tooth for a deeper, more thorough cleaning (versus a regular manual toothbrush)
- Helps you brush for two minutes

FEATURES

- 7,600 oscillating movements per minute
- Advanced Bristles System: Removes more plaque and cleans deeper than a regular manual toothbrush
- Interdental tips: Penetrate hard-to-reach areas
- Indicator bristles: Fade to let you know when to replace your brush head
- Two-minute timer*: Pulsates to signal recommended brushing time
- Sustained rechargeable cleaning power: A full charge lasts five days**
- Ergonomic handle and rubberized grip: For comfort and control

Ideal for our younger clients as an introduction to electric toothbrushing
